

Section Improvements

8.1 Upgrade the Ocean Drive / Edith Street intersection to a roundabout

8.2 Upgrade the Ocean Drive / Bold Street / Bayside Circuit intersection to a roundabout

8.3 Upgrade the Ocean Drive / Kew Road intersection to a roundabout

8.4 Maintain on-street parking in the town centre, this will encourage traffic to travel at a lower speed in this high pedestrian activity area

8.5 Provide a shared path on one side of corridor through North Haven and safe pedestrian pathways, with crossing points, where required

8.6 Formalise and improve bus stops to provide consistent high-quality facilities in the corridor

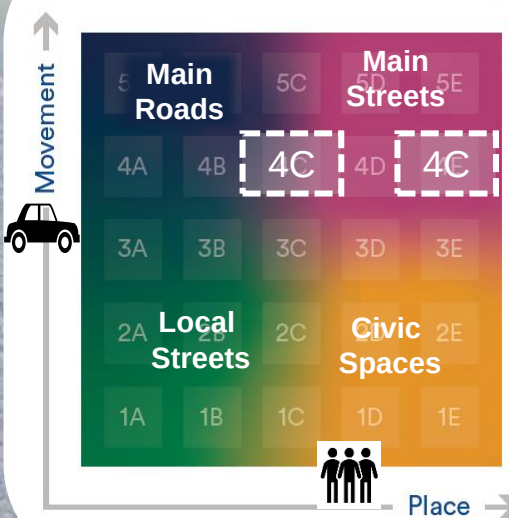

8.7 Schedule maintenance to maintain the pavement and corridor infrastructure.

Section 8: North Haven to Laurieton (Edith Street to Kew Road)

Section 8 is the main east-west road linking North Haven to Laurieton. It links residential catchments and providing direct access to local businesses, and foreshore community facilities.

Vision: Connect surrounding towns, provide a safe and efficient transport route for all road users, support growth in the region, and maintain the character and amenity of North Haven.

Movement and Place

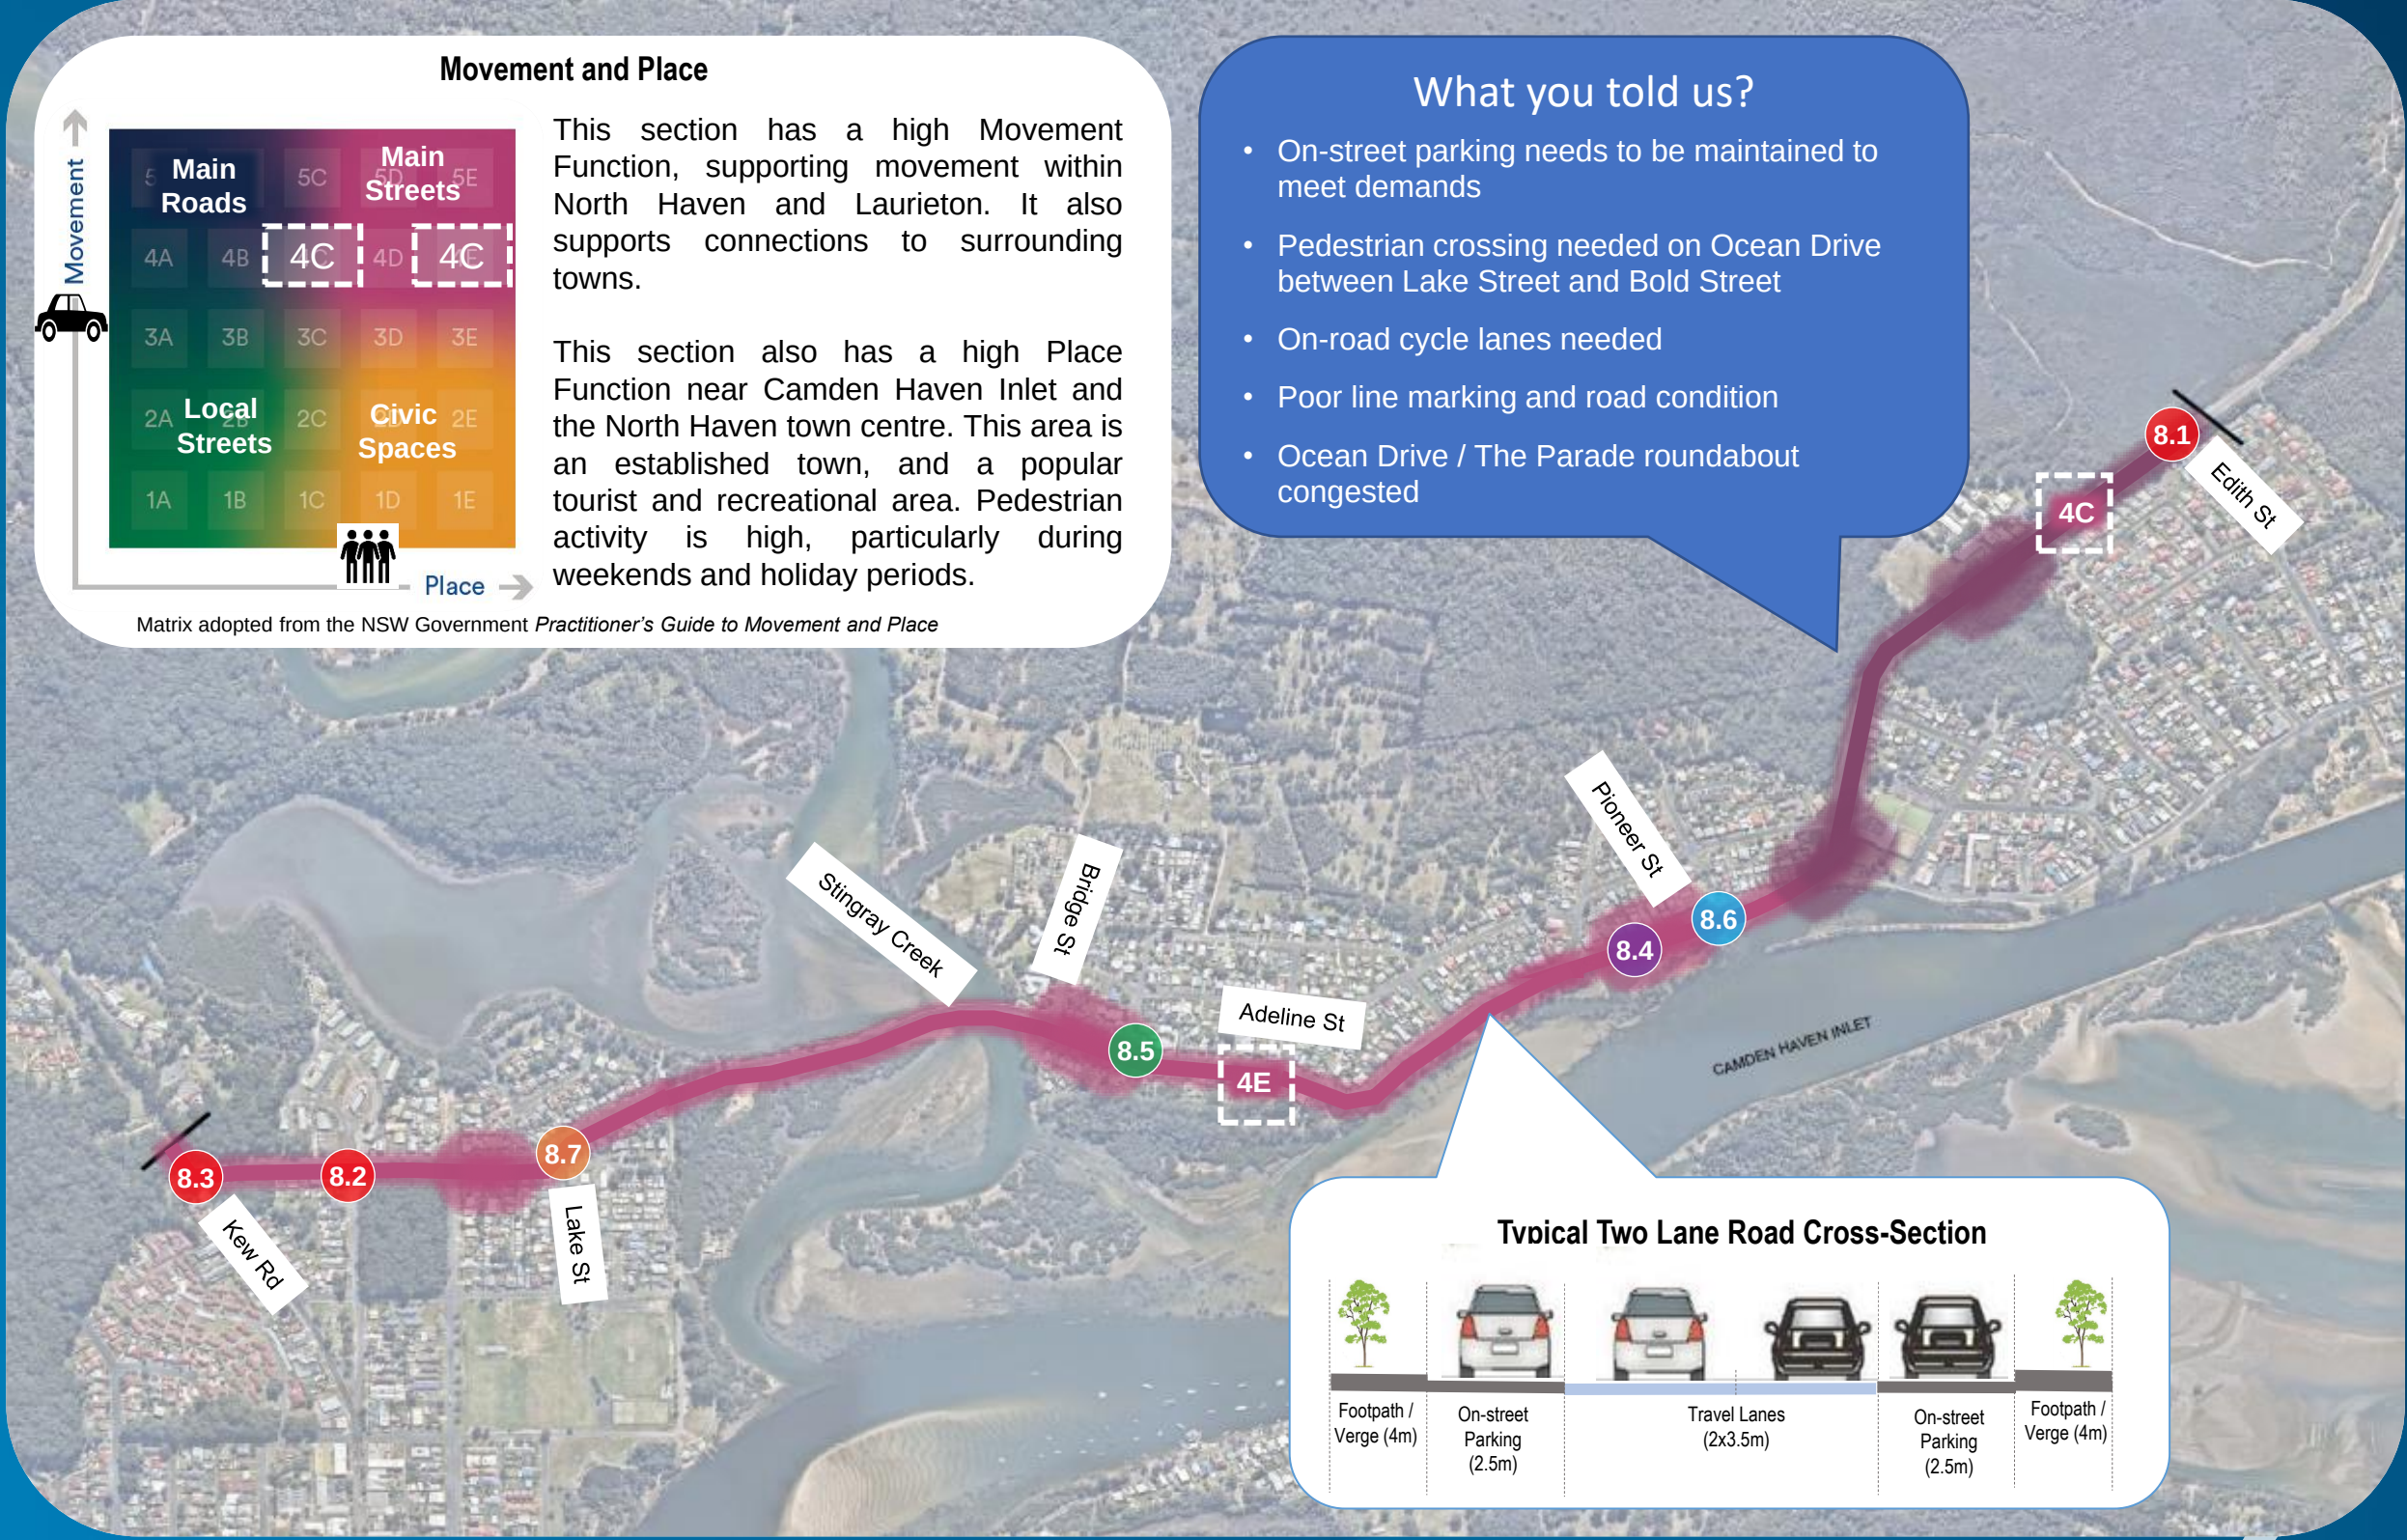

Matrix adopted from the NSW Government Practitioner's Guide to Movement and Place

This section has a high Movement Function, supporting movement within North Haven and Laurieton. It also supports connections to surrounding towns.

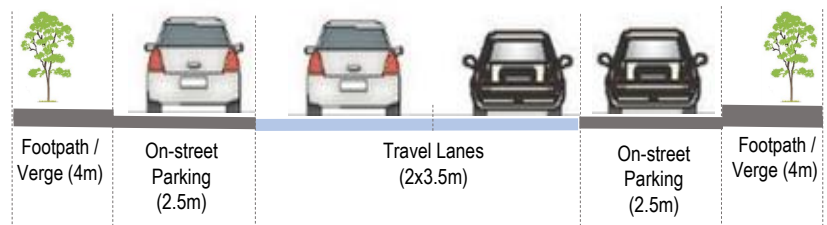

This section also has a high Place Function near Camden Haven Inlet and the North Haven town centre. This area is an established town, and a popular tourist and recreational area. Pedestrian activity is high, particularly during weekends and holiday periods.

What you told us?

- On-street parking needs to be maintained to meet demands
- Pedestrian crossing needed on Ocean Drive between Lake Street and Bold Street
- On-road cycle lanes needed
- Poor line marking and road condition
- Ocean Drive / The Parade roundabout congested

Typical Two Lane Road Cross-Section

Section Improvements

9.1 Upgrade the Ocean Drive / Sirius Drive intersection to traffic signals

9.2 Upgrade the Ocean Drive / Mountain View Road intersection to a roundabout

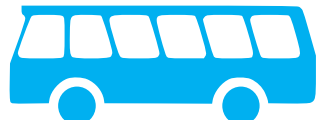

9.3 Upgrade the Ocean Drive / Lake Ridge Drive intersection to traffic signals

9.3 Provide safe pedestrian crossings opportunities for a connected pathway network

9.4 Provide a shared path on one side of the corridor between North Haven and the Pacific Highway

9.5 Provide bus stops on both sides of the road to service suburban centres

9.6 Schedule maintenance to maintain the pavement and corridor infrastructure

Section 9: Laurieton to Kew (From Kew Road to western side of highway interchange)

Section 9 is the east-west corridor connecting Kew and the Pacific Highway to the coastal towns of Laurieton and North Haven. It also services the growth catchments of West Haven and Lakewood.

Vision: Connect surrounding towns, provide a safe and efficient transport route for all road users, support growth in the region, and maintain the character and amenity of Lakewood.
